***MAC or Allowable Amount:**
MAC or Allowable Amount is used interchangeably to refer to the maximum charge allowed for all provider services. Please keep in mind that providers are not required to accept the Plan's Allowable Amount as payment in full and may balance bill you for the difference between the Plan's Allowable Amount and the provider's billed charges. You will be responsible for this balance bill amount, which may be considerable. You will also be responsible for charges for services, supplies, and procedures limited or excluded under the Plan, as well as any applicable deductibles, coinsurance, and/or co-payment amounts.

TELEDENTISTRY

YOUR DENTIST, ANYTIME, ANYWHERE

Emergency Room visits often provide little more than painkillers and antibiotics to dental patients. This costs more than three times as much as a routine dental visit. Teledentistry modernizes the dental exam process and puts employees in touch with a dentist, anytime, anywhere. The smartphone app provides 24/7/365 access to a dentist during a dental emergency and assists employees with choosing a dentist to see for definitive care.

HOW TELEDENTISTRY.COM WORKS

STEP 1 — The employee calls Teledentistry.com using their smartphone or tablet app.

STEP 2 — The agent relays the policy holder to the 24/7 dentist network.

STEP 3 — A video consult is held with the dentist and if needed, prescriptions are ordered.

STEP 4 — The patient is referred to a local dentist for follow-up care.
